What is Fulfilling the Mission of Hope?

Fulfilling the Mission of Hope is a calling for each of us to listen to God's spirit to further trust and invest in him as we embark on a journey to expand the ministry of Hope Lutheran Church and School over the next three years.

What will we be focusing on in this campaign?

- Eliminating \$75,000 in debt which will free up funding to support the ministries and enhancements below.
- Expand support for our Celebrate Recovery ministry, which supports people and their families who struggle under the bondage of various hurts, habits, and hang-ups.
- Extend a call to a youth worker/school teacher who will both support the school, the congregation and the surrounding community.
- Sanctuary enhancements for people with special needs. This would include improving the ramp leading into the sanctuary and providing more accessible handicapped seating.
- Audio and Visual enhancements in the sanctuary.

YOUR FAITH AND GENEROSITY WILL HELP US TO Fulfill the Mission of Hope

Extend a call to a new teacher who will also serve as a youth minister to Hope and our surrounding community.

Expand our [CELEBRATE RECOVERY](#) Mission to help those suffering from hurts, habits, or hangups in their lives.

Construction for facility enhancements that will benefit congregation members with special needs. Plans include seating for the handicapped and improvements to the existing ramp leading into the sanctuary.
